# IFCN DATA ANALYSIS WORKSHOP - INVITATION

## About the IFCN Data Analysis Workshop

### What is the IFCN?

IFCN is a Dairy Research Network that provides globally comparable dairy economic data and even forecasts. The core competence is in the field of milk production, milk prices and related economic topics.

IFCN cooperates with research partners in over 100 countries and 130 agribusiness partners worldwide. The IFCN economic models and standards ensure comparability between countries and provide a global picture.

This is why IFCN has the expertise to offer a data analysis workshop on basics and advanced methodologies of dairy economics.

### Why this IFCN Data Analysis Workshop?

The goal of this workshop is to transmit profound knowledge of the backgrounds of the dairy market to novices in the field of dairy economics. It will help to understand the dairy world and help to interpret key data.

Learn about dairy farm economics and how to create more value out of IFCN data. Learn about dairy farm economics, milking systems and how to understand them. Learn about IFCN TYPICAL model and its results, how to comprehend their complexity in your industry.

The latest issue of the IFCN Dairy Report is a useful tool to learn how data can be used for developing strategies and judging the actual market situation.

### Wednesday, Apr. 22<sup>nd</sup>
